

CUBE1-PR

APPLICATION

The CUBE1 is a featured Architectural Linear fixture. Housing is extruded aluminum with a highly reflective die-formed white painted steel reflector. The snap-in acrylic lens has a matte finish and a diffuser which is removable for LED module replacement. The CUBE1 perimeter provides a glowing transition between ceiling and wall, perfect for multiple applications such as commercial, general office, banking, retail and educational environments.

MOUNTING:

- Compatible with most ceiling including T-bar, screw slot and drywall.

LED:

- High quality arrayLEDs.
- LM80
- Color Temperature: 2700/3000/3500/4000/5000 (K).
- Color Rendering Index: >80 (optional >90).
- Nominal Lamp Life: 100,000 hours.
- Reported L70 hours: +60,000 (55°C).

ELECTRICAL:

- High power factor electronic driver, operate from a 120 ~ 277 Vac input range, 50 / 60 Hz.
- Features included over voltage protection, surge, short circuit protection and over load protection.
- Power Factor: typical > 0.95, THD <20, meets Class1 or Class 2 circuit.
- 0-10V dimmable driver as standard.
- 0-10VDC dimming 1%~100%.
- Operating temperature: -4°F (-20°C) ~ 122°F (50°C).
- <ELCU-200>
- Guarantees emergency lighting remains ON or is turned on when power to the control device is lost.
- Interfaces with fire alarm panel or security system.
- "Watchdog" feature allows emergency loads to be controlled in tandem with normal power loads.
- UL listed for use in emergency circuits.

FINISH:

- Standard powder-coat textured white painted finish on exposed trim, consult factory for custom colors.
- Comes with snap-in acrylic lens as standard.

LISTING:

- UL / CUL listed.
- Listed to UL 1598 and UL 8750.
- UL listed for dry & damp location.
- CEC Compliant EM (please contact for more information)
- Assembled in USA (optional).
- BAA compliant (optional).
- Trade Agreements Act compliant (optional).
- 5 years limited warranty.⁵
- 7 or 10 years limited warranty. (optional)⁵
- Bluetooth Mesh System available, please contact factory for more information.

---	---	--	---

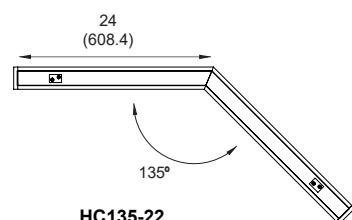

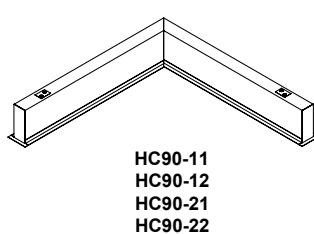

NOTES:

- Specify only when Continuous Row Mount.
- No need to select, if same as row length and section length.
- Comes with 1pc 8ft lens.
- EM is installed in last 4' of luminaire sections. Separate section required 2SE or specified. Must specify voltage, not available with 347V.
- This limited warranty covers electrical parts only and does not apply to labor, equipment lease, or defect from improper installation or operation.
- Contact factory for other emergency ballast options.
- Shipped separately.
- Lumen per watt is around 15% less than standard CRI (80+).
- Available with C9 (CRI 90+) only.
- Refer to color charts (RAL and/or Cardinal) in the separate attachment.
- Compatible with T-bar ceiling type.
- Compatible with hard ceiling type.
- Must specify voltage 120/277V, not available with 347V.
- EM can only be remote mounted up to 3ft configuration. Remote box is provided by others.
- (2) 3/8" rod installation is standard (provided by others) (refer to the installation instructions for more details).
- Not available with -SF mounting.
- Comes with flanges on both sides.

NOTES:

- All devices connected to one FCJ/FCJS-ECO will be controlled together. Devices will dim to the same level as the result of a control command.
For more detail on adjusting low-end light level refer to Application Note#556 at www.lutron.com.
- For the Line/Hot (L/H) terminal on the driver, it is preferred not to use the switched hot (red) wire from the control but rather the hot wire directly from the power source.
- Recommended for EasySense System.

ARCHITECTURAL LINEAR PERIMETER

CUBE 1 LIT CONNECTOR PATTERNS

The lit connector system allows continuous illumination all the way through the corner section.

Instruction:

- Please provide sketches illustrating corner types, overall dimensions including corner dimensions (based on wall-to-wall dimensions) and power locations required.
- HC90 connectors have 90 degree corners (overall, outside dimension).
